I found you on the internet and wanted to get a rental price listing for your vacuum trucks. I have an environmental project going on in Houston and will need equipment. If you have a price sheet on your equipment that would be great.

I am primarily looking for pricing on:

80 bbl vac truck

130 bbl vac truck

Air Mover with Carbon Filtration

It would be nice to know what other equipment that you have so we can put you on a list of vendors for our project.

Thanks
